

UK1 Cloud Privacy Policy

This privacy policy has been compiled to better serve those who are concerned with how their 'Personally identifiable information' (PII) is being used online. PII, as used in UK privacy law and information security, is information that can be used on its own or with other information to identify, contact, or locate a single person, or to identify an individual in context. Please read our privacy policy carefully to get a clear understanding of how we collect, use, protect or otherwise handle your Personally Identifiable Information in accordance with our website.

What personal information do we collect from the people that visit our website?

When ordering or registering on our site, as appropriate, you may be asked to enter your name, email address, phone number, credit card information or other details to help you with your experience.

When do we collect information?

We collect information from you when you register on our site, place an order, fill out a form place a call back or enter information on our site.

How do we use your information?

We may use the information we collect from you when you register, make a purchase, sign up for our newsletter, respond to a survey or marketing communication, surf the website, or use certain other site features in the following ways:

- To personalize user's experience and to allow us to deliver the type of content and product offerings in which you are most interested.
- To improve our website in order to better serve you.
- To allow us to better service you in responding to your customer service requests.
- To quickly process your transactions.

How do we protect visitor information?

Our website is scanned on a regular basis for security holes and known vulnerabilities in order to make your visit to our site as safe as possible.

We use regular Malware Scanning.

Your personal information is contained behind secured networks and is only accessible by a limited number of persons who have special access rights to such systems, and are required to keep the information confidential. In addition, all sensitive/credit information you supply is encrypted via Secure Socket Layer (SSL) technology.

We implement a variety of security measures when a user places an order to maintain the safety of your personal information.

All transactions are processed through a gateway provider and are not stored or processed on our servers

Do we use 'cookies'?

Yes. Cookies are small files that a site or its service provider transfers to your computer's hard drive through your Web browser (if you allow) that enables the site's or service provider's systems to recognize your browser and capture and remember certain information. For instance, we use cookies to help us remember and process the items in your shopping cart. They are also used to help us understand your preferences based on previous or current site activity, which enables us to provide you with improved services. We also use cookies to help us compile aggregate data about site traffic and site interaction so that we can offer better site experiences and tools in the future.

We use cookies to:

- Help remember and process the items in the shopping cart.

- Understand and save user's preferences for future visits.

You can choose to have your computer warn you each time a cookie is being sent, or you can choose to turn off all cookies. You do this through your browser (like Internet Explorer) settings. Each browser is a little different, so look at your browser's Help menu to learn the correct way to modify your cookies.

If you disable cookies off, some features will be disabled. It won't affect the user's experience that make your site experience more efficient and some of our services will not function properly.

However, you can still place orders.

Third Party Disclosure

We do not sell, trade, or otherwise transfer to outside parties your personally identifiable information.

Third party links

Occasionally, at our discretion, we may include or offer third party products or services on our website. These third party sites have separate and independent privacy policies. We therefore have no responsibility or liability for the content and activities of these linked sites. Nonetheless, we seek to protect the integrity of our site and welcome any feedback about these sites.

Google

Google's advertising requirements can be summed up by Google's Advertising Principles. They are put in place to provide a positive experience for users. <https://support.google.com/adwordspolicy/answer/1316548?hl=en>

We have not enabled Google AdSense on our site but we may do so in the future.

Fair Information Practices

The Fair Information Practices Principles form the backbone of privacy law in the UK and the concepts they include have played a significant role in the development of data protection laws around the globe. Understanding the Fair Information Practice Principles and how they should be implemented is critical to comply with the various privacy laws that protect personal information.
